

- Submit manuscripts as DOC or DOCX files. Double space all parts of the manuscript.
- Keep the Abstract, if required, within the word limits (See Table for recommended maximums for articles).
- Include institutional review board approval, informed consent, and/ or animal care committee approval for an Original Article.
- Do not embed figures in the main body or mix figures or tables with the text.
- Digital figures must be at least 300 dpi and a minimum of 10 cm to a maximum of 15 cm in width and height. Use JPG/JPEG formats (for revisions use TIF/TIFF without any arrows or markings).
- Video clips should be less than 5 minutes duration for each.
- Authors will be asked to confirm their compliance with the journal's policies and guidelines during the initial manuscript submission on the web page.
- Verify the accuracy of reference information to enable hyperlinks for the online version of the journal to function properly.
- For previously published materials, send written permission to reprint any figure or any other applicable permissions.
- Provide copies of any material for which there is overlap with your manuscript (see Redundant Publication)
